

KEVIN NOAKES  
BOOKBINDESIGNS  
BESPOKE ENGRAVED TOOLS  
FOR THE BOOKBINDER  
FROM CATALOGUE OR  
CUSTOM DESIGNS.

We take pleasure in introducing you to this new catalogue of handle letters by Kevin Noakes.

Kevin's low overheads means he has been able to price his tools very competitively compared to the mainstream engravers, just compare his prices.

The tools come with hardwood maple handles, capped with a stainless steel ferrule. The heads of the tools are made from 1/4" hard grade brass; the shanks are 1/4" brass which makes for good heat retention.

All handle letters are filed high up on the shank, so that only the letter design is visible from a bird's eye view, which makes for a much clearer image when embossed. Handle letters are supplied in sets of 40 pieces, consisting of A – Z 0 – 8 (6 used for 9) & AE Œ . ,

The tools are supplied in strong wooden boxes. Individual letters and different point sizes are available on request.

Expected turnaround time for tools would be sent within 14 days but usually quicker, so 14 days until its sent and whatever time it takes to get there, usually postage is pretty quick, generally overseas by royal mail takes 5-10 days and inland is just a couple... Although not guaranteed unless special delivery.

Postage costs will be quoted on order.

Payment: We accept payment by UK cheque, bank transfer or PayPal. There is a 4% surcharge if paying via PayPal.

Cheques from overseas customers must be drawn on a UK bank in pounds sterling, otherwise a bank transaction fee will be charged.

Note: - VAT is chargeable on all inland orders and non VAT registered EC customers. VAT registered EC customers may supply us with their VAT number for VAT exemption.

Please contact us by email to arrange your order.
